# INDUSTRIAL BOOT CLEANERS

## IDEAL FOR USE IN:

- SITE OFFICES
- CONSTRUCTION & MINING SITES
- MANUFACTURING INDUSTRIES
- QUARRIES
- FOOD & BEVERAGE PROCESSING
- CLUB HOUSES
- NATURE RESERVES
- INDUSTRIAL APPLICATIONS

An Industrial Brushware Boot Cleaner is a simple yet effective way of stopping mud, dirt and sand being tracked inside your door in one easy step

## PRODUCT FEATURES

- Durable Stainless Steel Frame with Refillable Brushes
- Durable Powder Coated Frame with Refillable Brushes
- Size: 380mm W x 300mm L x 180mm H
- Optional Support Handle
- Can be bolted down
- Sturdy construction for long life

**“IT’S PORTABLE FRAME CAN BE TAKEN AND INSTALLED ANYWHERE IN MINUTES”**

Keep your Building Site, Workshop, Office or Clubhouse clean with an Industrial Brushware Boot Cleaner, available in either long lasting Stainless Steel Frame or Powder Coated in Safety Yellow. Both frame styles come with replaceable Brushes that have Bristles that are firm enough to remove stubborn deposits of Dirt, Mud, Sand or Grit but will not damage the leather of your work boots.
